

V5 Portable Auxiliary Power Unit (PPU-Auxiliary)

BE FREE FROM THE GRID DEPLOYABLE IN MINUTES

100% Self-Powered

- Perpetually powered with a combination of proprietary bullet-resistant V5 solar panels, battery and power management system

Truly Portable

- Compact form factor, weighing less than 25 lbs.
- Can be mounted on any standard pole

Auxiliary Power

- Backup power for any V5 portable unit
- Extends operational time on any V5 portable unit without input from V5 solar panel

Ruggedized Enclosure

- Rated IP67
- Protection against solid objects
- Sealed tight from dust; capable of withstanding water immersion between 15 cm and 1 meter for 30 minutes

V5 Systems' Auxiliary Power Pack generates perpetual power utilizing advanced solar technology and is stored within a lightweight, ruggedized enclosure for outdoor deployments. This advanced Power Pack can extend the operational time of any VS Systems Portable Security device or be used as backup power.

ADDITIONAL POWER FOR ALL V5 PORTABLE UNITS

Extend operational time on any V5 Systems Portable Units for short deployments or use as backup power when solar is not present.

BENEFITS:

Fast Deployment

- Compact turnkey solution
- Effortless setup

Lower Expenses

- No trenching
- 2-year warranty included

Increase Awareness

- Prevent blind spots
- Less risk exposure
- Reduce crime
- Deter criminals
